MATRIMONIAL.

Nat C. Goodwin, the actor, was granted an absolute divorce from his wife, Jessie McDermott Goodwin, known as Maxine Elliott.

A dispatch says that the Duke of the Abruzzi and Miss Katherine Elkins, daughter of Senator Stephen B. Elkins, of West Virginia, will be married on or about December 10. Official notification of the wedding will be given out November 10.

Last Saturday night in Columbia, Miss Lucy Bowman, of this city, and Mr. T. C. Davidson, of Columbia, were quietly married. This is quite a surprise to Miss Bowman's legion of friends in Casey county, as many of them had no idea that she had decided to set her sail on the matrimonial sea. The bride is an accomplished, refined lady and her husband should be proud that he has won the hand and heart of this amiable lady.—Liberty News.

MUSIC AT THE LEXINGTON TROTS.—Music has always been one of the great attractions of the trots at Lexington. It is the policy of the management to give the audience a treat between the heats in the shape of concerts which, ordinarily, people will pay \$1 admission to hear. The only Weber, with his famous Prize Band of America, will be at the Lexington trots again this year, and give daily concerts before the grand stand. The Weber Band is today the very best band, without exception, before the American public, and the Weber programs stand alone in the appropriate selections and catchy, popular music with which they are filled. All the latest hits are always first heard in Kentucky through Weber's Band. Blanche Berndt-Mehaffy, widely known throughout the country as the finest open-air vocalist in America, will appear and sing daily in connection with these concerts, which are alone worth more than the admission. The meeting begins Oct. 6 and lasts through the 16th. One railroad fare for round trip.

The wholesome, harmless green leaves and tender stems of a lung healing, mountainous shrub, give to Dr. Shoop's Cough Remedy its curative properties. Tickling or dry bronchial coughs quickly and safely yield to this highly effective Cough medicine. Dr. Shoop assures mothers that they can with safety give it to even very young babes. No opium, no chloroform—absolutely nothing harsh or harmful. It calms the distressing coughs, and heals the sensitive membranes. Accept no other. Demand Dr. Shoop's. Sold by Penny's Drug Store.

In affirming the judgement of the Scott Circuit Court in the case of Thos. Leach against the Commonwealth, the Court of Appeals has delivered a blow to the policies of Governor Willson in inviting anti-Equity men to shoot trespassers on their farms without knowing positively the object of their mission. Leach was sentenced to the penitentiary for life for shooting C. W. Gayle through a door at Georgetown without knowing who he was, and he asked for a reversal of the sentence on the grounds that he thought Gayle was a burglar.

Would Mortgage the Farm.

A Farmer on Rural Route 2, Empire, Ga., W. A. Floyd by name, says: "Bucklen's Arnica Salve cured the two worst sores I ever saw; one on my hand and one on my leg. It is worth more than its weight in gold. I would not be without it if I had to mortgage the farm to get it." Only 25c. at Penny's Drug Store.

She—Do you remember that 30 years ago you proposed to me, and that I refused you?

He—Oh, yes. That's one of the most treasured recollections of my youth.

Saved His Boy's Life.

"My three year old boy was badly constipated, had a high fever and was in an awful condition. I gave him two doses of Foley's Orino Laxative and the next morning the fever was gone and he was entirely well. Foley's Orino Laxative saved his life." A. Wolkush, Casimer, Wis. New Stanford Drug Co.

In the local option election in the Second magisterial district, the "drys" won by 286 majority, thus wiping out the last saloon in Grant county.

After 25 years of operation of the Postal Savings Bank of India the depositors number 1,190,220 and the deposits amount to \$49,223,283.

CHURCH MATTERS.

Revs. Freeman and Verco are conducting an interesting meeting at Logan's Creek church.

Eld. J. B. Daniel, closed a meeting at Gum Lick Church Monday with 52 additions, 36 by baptism and remainder by reinstatement.—Liberty News.

The meeting at the Crab Orchard Christian church, conducted by the pastor, Rev. George D. Verco, and assisted by Rev. Hugh McLellan, of Richmond, closed Sunday with 18 additions. At the Louisville Methodist Conference, in session at Owensboro, Rev. J. W. West made an attack on Speaker Cannon, saying: "A man like Cannon is a disgrace to the American people and unfit to preside over a decent body."

The International Association of Christian churches will have its convention this week in New Orleans. The principal topic of discussion will be the foreign missionary field, with the object of securing a systematic campaign of evangelization.

Any one wishing to attend the Sunday School Convention at Newport as a delegate will call on J. F. Holtzclaw, president, or Mrs. J. T. Bingham, secretary, and get a certificate which will guarantee a home during the convention. Remember the railroad companies offer half rate.

Since January 1, last, there have been paid out by the State more than \$100,000 for soldiers to suppress the night riders. Reports of the auditor show that from July 1, 1901, to July 1, 1907, the expense of the active militia of the State was only \$91,000. In other words a republican administration has used in nine months \$9,000 more than a democratic administration used in six years. If the voters like this way of getting rid of the heavy tax they pay they will show it by voting for Taft. If not, as they will not, they will record their votes for the electors of William Jennings Bryan.—Frankfort Journal.

Stomach troubles would more quickly disappear if the idea of treating the cause, rather than the effect, would come into practice. A tiny, inside, hidden nerve, says Dr. Shoop, governs and gives strength to the stomach. A branch also goes to the heart, and one to the kidneys. When these "inside nerves" fail, then the organs must falter. Dr. Shoop's Restorative is directed specifically to these failing nerves. Within 48 hours after starting the Restorative treatment patients say they realize a gain. Sold by Penny's Drug Store.

Samuel Gompers, president of the American Federation of Labor, issued a statement in which William H. Taft, republican candidate for the presidency, is bitterly arraigned because of the latter's charge in a speech at Denver Friday night that the labor leader was "lying to his followers." Mr. Gompers recites the experience of the labor delegation at the republican National convention and has something to say of the injunctions issued by Judge Taft when on the Federal bench.

If Roosevelt had evidence of the truth of Hearst's charges against Haskell before Hearst made them, then he did not do his duty to his party in not making them known; if he did not have the evidence then he was contemptible in using the presidential office to blast the reputation of a citizen upon the assertion of a man whom he held out to be untrustworthy.—Ashland, Va., Herald.

The guards at the State penitentiary have donned the uniforms which the Board of Prison Commissioners decided they must wear. The uniform consists of a dark blue serge suit, with brass buttons, and a black Fedora hat, of the true Kentucky style. The brass buttons bear the inscription "Kentucky Penitentiary," with the State seal between the words.

Judge Archibald, in the United States court at Scranton, Pa., decided that Sheriff Lane, of Westchester county, New York, was not in contempt in not having delivered Harry K. Thaw to a United States Marshal to be taken to Pittsburgh.

Gardner and Hunt were given 10 years each in the penitentiary after a long drawnout trial at Clarksville, Tenn. It is alleged that they waylaid and shot Vaughn Bennett, a member of a night rider gang.

"The die is cast!" hissed the villain. Then, shaking their gold locks, the chorus bounded on. "It seems," the critic murmured, "that the cast is dyed, too."

Foley's Honey and Tar cures coughs quickly, strengthens the lungs and expels colds. Get the genuine in a yellow package. New Stanford Drug Co.

Served as coffee, the new coffee substitute known to grocers everywhere as Dr. Shoop's Health Coffee, will trick even a coffee expert. Not a grain of real coffee in it either. Pure healthful toasted grains, malt, nuts, etc. have been so cleverly blended as to give a wonderfully satisfying coffee taste and flavor. And it is "made in a minute," too! THIS sermon is shorter than the text, but is delivered with no less earnestness. The text is taken from the editorial columns of that excellent democratic paper, the Anderson News, published at Lawrenceburg by Hon. J. R. Paxton and a syndicate of other sterling democrats of that place. The News says:

Local pride in politics, as in everything else is "a good thing" and should be "pushed along." It is the custom in many counties of Kentucky to see that the "home man" gets a big vote in his county, no matter what his politics are. The News hopes that amid the stirring times in politics, local and national, the people of Anderson will not forget that they have just the same as a "home man" running for Congress—a man who treats Anderson like it was his home county, and toward whom many of the best people of Anderson feel as if he were a "home boy." Congressman Harvey Helm, the nominee of his party for re-election, has in many ways already demonstrated his devotion to the interests of Anderson county and even if the whole people of this county were not vitally interested in his re-election, they would still owe him a debt of gratitude as would demand of them a loyal and disinterested support in the election that will come off Nov. 3rd. The story of his labors and success in obtaining a site for a government building in the capital of Anderson, after all others had failed therein for 20 years, will never be fully told or fully understood except by the few who know what he went through single handed and alone in Washington last winter. Added to this and what he has done in the short time he has been in Congress, for a half thousand poor pensioners and claimants of Anderson county is the fact that this county was picked by him out of the 10 that he represents, in which to give one of the only two places which he had in the Naval Academy at Annapolis; and in Anderson, he has already promised an appointment which he will have at West Point next year. The News happens to know that no county in the 10 represented by Mr. Helm, not even excepting Lincoln, has had from him or owes to him one-half of what Anderson does. Even if it were not essential to the completion of the government building here that Mr. Helm be returned to Congress, it would still be a matter of regret and almost humiliation, were not the good people of Anderson to turn out on election day and see to it that he receives the compliment of the biggest majority of any candidate of the biggest election—in a rousing big vote for Harvey Helm for Congress.

The News is a democrat and a partisan. It does not ask its republican friends to vote against their convictions in the National election, but it does believe that home pride in remembering those who remember us should be shown in the only way it can be in this election—in a rousing big vote for Harvey Helm for Congress.

The Interior Journal in its last issue tried to show what a humiliating, black page would be written in the democratic record were any factional feeling of revenge or other unworthy sentiment among democrats to result in Kentucky's contributing to, or becoming remotely responsible for the defeat of the peerless leader in this glorious year of democratic hope. Everything we then said about the National ticket was meant to apply to the vote for Harvey Helm, the democratic nominee for re-election to Congress. If any outside paper and people can call him "a home boy" and appeal for a rousing, complimentary vote for him, surely the

INTERIOR JOURNAL and the democratic voters in Lincoln can find no reasonable excuse for not rising and uttering a sincere and even fervent "Amen."

And added to the solid phalanx of Lincoln county democrats who should, and we believe will, support Mr. Helm on Nov. 3rd, are hundreds of other home people who know that his name and family name have long been synonymous with good citizenship; many of whom have felt his friendship in substantial ways; not a few of whom know what he has done in the short time he has been in Congress; that know of his record for industry and creditable representation of his people there; who know that he has done "good turns" irrespective of party for many poor pensioners and poorer claimants; who know that he is entitled to the endorsement which his re-election means. Surely not a few of these remembering home pride and gratitude will do what Anderson promises to do, viz: give "the home man" a rousing, complimentary vote that will reflect credit on both our home pride and intelligence.

THE farmers do not realize how severely they are taxed, because the collection is not direct, but through the tariff. For instance, his hat is taxed at 44 cents per pound and 60 per cent. of its value; his coat is taxed at 33 cents per pound and 60 per cent. of its value; his shirt 60 per cent. of its value and his shoes 25 per cent. Without this tariff, \$4 shoes, for instance, would cost him but \$3 and his \$1 shirt but 40 cents. The consumer always pays the tax. The Democrats promise to reduce the tariff to a revenue basis. Help with your vote to give them the chance.

A STRANGE freak of nature has occurred on a small tract of land near Pine Grove, Ky., belonging to C. C. Weymeth. When cries were going up from all over the country for water, a pond raised upon the tract, and increased in size until it covered three acres of soil. Experts from a distance were sent for to sink the water, but charges of dynamite and all other means have failed, while the body of water continues to increase. Now watch Mr. Taft give the credit of this water supply to Teddy. It would not be more ridiculous than some other great things the present administration claims credit for.

NICHOLAS LONGWORTH in a speech at Rock Island, Ill., declared himself in favor of two presidential terms for Taft, to be followed by two terms for Roosevelt. Why don't Son-in-Law Longworth state openly that Papa-in-Law Teddy favors a constitutional amendment giving the president the right to keep the office in the family? This would give Nick an opportunity, which otherwise he will never have, of going to the White House in a capacity other than of errand boy.

POLITICAL.

The contributions from newspapers to the Democratic national campaign fund have reached a total of \$84,994.

William J. Bryan, on his recent tour, traveled more than 7,000 miles and delivered more than 200 speeches.

A Bryan and Kern Club was organized at Maysville with 750 members. It takes in every precinct in the county.

Former State Senator and Lieutenant Governor Lillard H. Carter, of Anderson county, is a candidate for Representative.

Gov. Charles E. Hughes, of New York, was forced to cancel his engagement to speak Monday at Chicago on account of his throat.

At several of his meetings in Nebraska William H. Taft denounced in strong language a report that he had said a dollar a day was enough for laboring men.

Caleb Powers was baptized at Jellico a few days ago and let us hope it washed all his sins away. As long as the lamp holds out to burn the vilest sinner may return.

William J. Bryan spoke in Lincoln, Neb., before the German Bryan Club of that city. Mr. Bryan replied at some length to statements made by Gov. Charles E. Hughes in recent speeches.

A flutter of excitement was caused at National republican headquarters in New York by publications to the effect that President Roosevelt had sent Elihu Root to New York to investigate the methods of the campaign managers.

William J. Bryan gave out a statement in Lincoln severely criticizing the attitude of William H. Taft in the matter of publicity of campaign contributions. Mr. Taft's position, Mr. Bryan said, was an insult to the intelligence of the voters.

The prohibitionists have nominated a sanctified Methodist preacher for Congress in the Eighth district, who would doubtless not be able to find his way to Washington if elected, which of course he has no chance of being. He won't carry a precinct.—Frankfort Journal.

National Chairman Mack, of the Democratic National Committee, made an attack on the corporations affiliations of George R. Sheldon, treasurer of the republican National committee, charging that Mr. Sheldon was at this time connected with no less than 17 financial companies.

Here and There.

William H. Taft will close his campaign November 2, with a speech at Youngstown, O., where the campaign was formally opened by the Republicans.

Pittsburg was put out of the National League pennant race Sunday, when Chicago won. New York by winning all three remaining games may tie Chicago.

Word has been received at Fairview that President Roosevelt had finally determined to take the stump and intends to make a six-day trip across the continent, closing with a speech at San Francisco.

The Atlantic battleship fleet weathered a terrific hurricane in Manila Bay harbor, none of the vessels being injured. The storm struck so suddenly that there was not even time to raise the launches.

It is reported in New York that William Nelson Cromwell and Elihu Root have taken up the work of raising money for the republican campaign committee. They are said to be more successful than Mr. Sheldon has been.

Stop That Cold

To check early colds or Grippe with "Preventics" means sure defeat for Pneumonia. To stop a cold with Preventics is safer than to let it run and be obliged to cure it afterwards. To be sure, Preventics will cure even a deeply seated cold, but taken early—at the sneeze stage—they break, or head off these early colds. That's surely better. That's why they are called Preventics. Preventics are little Candy Cold Cures. No Quinine, no physic, nothing sickening. Nice for the children—and thoroughly safe too. If you feel chilly, if you sneeze, if you ache all over, think of Preventics. Promptness may also save half your usual sickness. And don't forget your child, if there is feverishness, night or day. Herein probably lies Preventics' greatest efficiency. Sold in 5c boxes for the pocket, also in 25c boxes of 48 Preventics. Insist on your druggists giving you

LAMB FOR SLAUGHTER.—The republican mass convention held here Saturday afternoon nominated W. Russell Dillion for county judge. Mr. Dillion is a gentleman in every sense of the word and will of course carry the empty honor (and empty dinner pail) becomingly. For some time Mr. Dillion has had political pains and we suppose the republicans thought this as good a time as any to ease them. Judge Owsley's majority will probably reach 450.

In next issue and all subsequent issues until Nov. 3, a coupon will be found on which a guess can be made. No guess will be accepted unless made on these coupons. Should two or more guess the exact majority the money will be divided between them.

MR. JOEL T. EMBRY, who was accidentally shot by Chief of Police Carter, two weeks ago, is rapidly improving. The writer called at Mr. E's home a few days since to see him and was greatly gratified to find that gentleman sitting up. One of the first questions he asked was about the political outlook. "I'll be out in time to vote and work for Bryan and the rest of the democratic ticket," said Mr. Embry, and that means Lincoln county democracy will have one of its very best workers at the wheel on election day.

A NOVEL scene was witnessed in the Danville Court House Wednesday afternoon, when three Circuit Courts were being conducted in the same building at the same time. In the main court room, Judge Bell was presiding over the Wheat case. In the county court room, Judge Sausley, who had been made special judge was trying the Faulconer case, and in another room Attorney W. S. Lawwill, who had also been made a special judge, was trying the Riley case.—Advocate.

RIFFE.—Miss Amelia A. Riffe, daughter of Mr. and Mrs. D. S. Riffe, of McKinney, died at her home at McKinney at an early hour yesterday morning after a week's illness. She had never been well and strong since an illness of some seven years ago. Miss Riffe was 21 years old and had been a member of the Baptist church since a mere girl. She was an excellent young woman, popular with all classes, and her death has cast a gloom not only in her home but over the entire town in which she lived. Miss Riffe frequently expressed her willingness to meet her Maker and talked with all of the members of her family shortly before the end came. The burial will take place in the Hustonville cemetery this morning after funeral services at the Baptist church at McKinney which will begin at 10 A. M.

WE have it straight that Solon Craig, a Macksaville Negro, has government license to sell whisky. The officers should investigate the matter. What does a man want with a whisky license unless he is selling booze? Mr. Craig will please answer. While we are on this subject we might add that things look pretty "wet" here again. Some of those who have been serving fines for selling whisky are out and are said to be back at their old habits. Chief of Police B. D. Carter is a shrewd, courageous man. We call on him and the council which elected him to help stop the whisky traffic here. It is just as much a breach of the law to sell whisky in Stanford as it is to commit theft. Let an effort be made to catch the whisky sellers or let those whose duty it is, admit they are unequal to the emergency and retire. Two whisky drummers were here last week and from the jugs that have been coming by express since they did a thriving business. Fictitious names are used by many of those who get whisky this way and it will take good detective work to catch up with the rascals who are selling it but it can and must be done.

DESIRABLE PLACE FOR RENT.

I desire to rent my house, large barn, all necessary outbuildings and 52 acres of land, on SATURDAY, OCT. 24, 1908, at 2 P. M. I will sell on my premises a lot of household and kitchen furniture, 1 good milk cow and pig-brood White Leghorn chickens. MRS. CHAS. H. SINGLETON, Crab Orchard, Ky.

The bonds embraced in series "A" shall be redeemable at the pleasure of the court in and after seven years from the date of their issue, and shall be due and payable to years from said date, and the bonds embraced in series "B" shall be redeemable at the pleasure of the court in and after 10 years from the date of their issue, and due and payable 15 years from the said date, and the bonds embraced in series "C" shall be redeemable at the pleasure of the court in and after 15 years from the date of their issue, and due and payable 20 years from the said date, which bonds shall not bear a greater rate of interest than four (4) per cent, payable semi-annually at Lincoln County National Bank, of Stanford, Ky., and interest coupons shall be attached to said bonds signed by the clerk of the Lincoln county court.

John W. McMillen, one of the candidates for County Assessor before the coming Democratic primary in Woodford county, is using quite a unique card in his canvass for this office. On one side of the card is a picture of the candidate, with the usual announcement of his candidacy. On the reverse side, printed in green ink, is a picture of a growing tobacco plant, with this platform: "I am in favor of any man growing what he wants to on his own land without dictation from anyone. It is my intention to grow a crop of tobacco next year. Respectfully, John W. McMillen."

A Jeweler's Experience.

C. R. Kluger, The Jeweler, 1060 Virginia Ave., Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my back-ache and the irregularities disappeared, and I can now attend to business every day, and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed. New Stanford Drug Co."

The family of Dave Walker, colored, at Hickman, was massacred by night riders. Walker, it is alleged, had cursed a white woman. Night riders visited him and when he showed fight they set fire to his home and as they came out shot them down. Walker, his five-year-old daughter and baby in his wife's arms were killed outright. His wife and three other children were perhaps mortally wounded.

Where Bullets Flew.

David Parker, of Fayette, N. Y., a veteran of the civil war, who lost a foot at Gettysburg, says: "The good Electric Bitters have done is worth more than five hundred dollars to me. I spent much money doctoring for a bad case of stomach trouble, to little purpose. I then tried Electric Bitters, and they cured me. I now take them as a tonic, and they keep me strong and well." 50c. at Penny's Drug Store.

Proud Father (meeting his son's teacher) Don't you think I ought to make a scientist of that boy of mine? I suppose you have noticed his way of getting to the bottom of things?

Teacher—Yes; I've noticed it about his classes.

In the town of Ballinagh lived a butcher who was famed for selling tough meat. A country man went in one day to purchase some.

"Well, my good man," asked the butcher, "is it for frying or boiling you want it?"

"Neither," replied John. "It's to make hinges for the stable door."

Married Man in Trouble.

A married man who permits any member of the family to take anything except Foley's Honey and Tar, for coughs, colds and lung trouble, is guilty of neglect. Nothing else is as good for all pulmonary troubles. The genuine Foley's Honey and Tar contains no opiates and is in a yellow package. New Stanford Drug Co.
